
SUMMARY

I'm a Computer Engineering graduate from Silliman University and a Fullstack Developer willing to serve with dedication to the assigned work. Possessing good work ethics, character and very flexible. Looking to join where the opportunity for growth and personal development is embraced.

SKILLS

✓ HTML5/ CSS	✓ Laravel	✓ PCB Design
✓ Javascript	✓ React	✓ Soldering
✓ MySQL	✓ React Native	✓ Hardware Design
✓ C++	✓ Nex.JS	

TOOLS

✓ Jira/Bitbucket	✓ Git/GitHub	✓ Visual Studio	✓ Postman
✓ Chrome DevTools	✓ Arduino		

EXPERIENCE**Wonita Oriental OPC (Buudl - September 2024 - May 2025)**

Full Stack Developer - React Native, React, Next.JS, Laravel

- Developed a dynamic voucher system with creation, editing, claiming, sharing, and real-time expiration tracking
- Implemented RESTful API
- Integrated AWS SES and developed verification email features for both web and mobile
- Xendit gateway payment integration
- Optimize and made POS fully operational
- QA Tester (Software Testing and QA) - Created test cases, identify bugs/regressions
- Deployment to Live Server and mobile production (iOS and Android)

Commision Based Project

Explore Siquijor Website | Freelance Commission Project (August 2025)

Vue.js

- Delivered a commissioned Vue.js website prototype for a tourism-focused platform.
- Developed responsive pages showcasing destinations, activities, and local attractions
- Refined provided layouts and design specifications to improve user experience, responsiveness, and functionality

SkillBridge PH | Freelance Commission Project (November 2025 - December 2025)

Next.js, Laravel, MySQL

- Developed core backend functionality for a commissioned service marketplace platform connecting users with local helpers.
- Implemented RESTful API
- Contributed to full stack development while leading backend implementation.

Computer Tutor

Ithone Computer Training (February 2026 - April 2026)

- Taught children foundational computer skills, including Microsoft Word, Excel, and PowerPoint.
- Guided students in document creation, spreadsheets, presentations, and basic digital literacy.
- Mentored students in practical computer skills and supported individualized learning progress.

Internship (Bluebeans System)

Social Media Authentication, Post and Comment Threads - GlobalChat

- Developed the system using React Native and Laravel
- Created a database using MySQL

Software Development Project

Senior Care Mobile App

- Developed the system using React Native and Laravel
- Created a database using MySQL
- Advised to complete the system as it has potential

Capstone Project “Active Ankle-Foot Orthosis: Enhancing Mobility for Individuals with Steppage Gait”

- Developed the system using React and Laravel and created a database using SQLite
- Deployed the system to a live server using Hostinger
- Created the hardware schematic diagram illustrating the electronic connection and PCB layout
- Designed the hardware layout showing the arrangement of the components in the structure
- Integrate IoT for the communication of the software and hardware for data visualization

ADDITIONAL EXPERIENCE & PROJECTS

Line Following Robot (IR Sensors)

- Developed an autonomous line-following robot using IR sensors and Arduino
- Implemented PID control for precise line tracking and smoother navigation
- Programmed sensor processing and motor control algorithms to maintain path accuracy

Autonomous Line Following & Obstacle Avoidance Robot (PixyCam Based)

- Developed an autonomous robot capable of line following using PixyCam vision sensing
- Implemented color-based navigation logic where colored markers triggered different actions (green = continue path, red = reroute or reverse direction)
- Built and tested hardware prototypes using breadboards, jumper wires, sensors, and microcontrollers
- Programmed microcontroller logic for sensor processing, motor speed adjustment, and autonomous navigation.
- Implemented PID control algorithms to improve line-tracking accuracy and navigation stability.

EDUCATION

Bachelor of Science: Computer Engineering - Silliman University

SHS: STEM Course - Saint Paul University Dumaguete

ELIGIBILITY

Career Service Professional Examination Passer - 2026
